

PRODUCT INFORMATION

HYDRAULIC WORKSHOP PRESS

SAFE WORKING CAPACITY 20,000KG

The TradeQuip "Made for the Trade" Hydraulic Workshop Press is great for straightening, stamping, bending and pressing any component that is hard to handle. The polished inner cylinder walls extend the life of the hydraulic seals to minimise abrasion and wear, while the cylinder ram and pistons are also polished and chromed, guided by high performance seals, wear rings and dust seals. It is ideal for a variety of workshop applications and in particular suited to agricultural or industrial use. Jobs such as straightening, ending, folding, punching, removing bolts and bearings etc, are some of the tasks that can be easily accomplished.

Features

- Heavy-duty H-frame constructed of high-grade steel and built to exacting standards for quality and durability
- Lead-free paint finish helps prevent rust and is oil, grease and dirt-resistant for easy cleanup
- High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to raise the load, helping to reduce wear and extend service life
- Piston-ram is treated and polished for extended life
- Reinforced head bolster for added strength
- Pair of bed plates included

MADE FOR THE TRADE

Specifications

- Safe working capacity: 20,000kg
- Working Range: 43 - 882mm
- Overall: 1795H - 780W - 690Dmm
- Bed Width: 505mm
- Bed Gap: 105mm
- Bed Inside Working Area: 358 x 105mm
- Press Head Cap Diameter: 45mm
- Press Head Cap Length: 17mm
- Piston Ram Stroke: 185mm
- Ram Lateral Adjustment: 180mm
- Nett Weight: 90kg

PRODUCT CODE: 1063T
