

PRODUCT INFORMATION

ADJUSTABLE JACK STANDS

2,000KG SAFE WORKING CAPACITY

TradeQuip "Made for the Trade" Adjustable Jack Stands are ideally suited to the professional trade workshop. These ratchet type axle stands are designed with a cast iron support post, tough steel plate welded base and deep saddle for positive location under the vehicle. The cast iron post is equipped with angled teeth and a double-lock safety pin to prevent accidental release of load - the more weight applied, the tighter the post is locked.

Features

- Constructed of high-grade steel
- Lead-free paint finish for long-lasting finish
- Paint is oil, grease and dirt-resistant
- Quick action adjustable height mechanism
- Double-lock safety pin design for extra safety
- Welded steel frame & cast iron support
- Adjustable height
- Reinforced shaft for added strength stability
- Sold in pairs and only recommended to be used in pairs
