

HEAVY DUTY Workshop Equipment

Product Code: BTBB13

Heavy Duty

Truck Bead Breaker

13,000kg Safe Working Capacity

The Borum Industrial Hydraulic Giant Tyre/Earthmover Bead Breaker is designed to work on most multi-piece rims 25-51" in diameter with pry bar pockets. Delivers up to 13,000kg of force with up to 10,000psi to break the toughest beads in seconds. This Borum Industrial Hydraulic Bead Breaker can perform tyre work or tyre replacements without ever removing the wheel.

Features

- Economical solution for earthmover wheels 25" – 51" multi-piece rims with pry bar pockets
- Hydraulically clamps on wheel
- Durable steel construction
- Easy to use
- Hydraulic power breaks beads in seconds
- Lead-free paint is applied for a long-lasting finish
- Paint finish is oil, grease and dirt-resistant for easy cleanup

**INDUSTRIAL
QUALITY**

Specifications

- Safe Working Capacity: 13,000kg
- Rated Pressure: 10,000psi
- Suitable for Earthmover Rim Sizes: 25 - 51" Diameter
- Pressure Connection: 3/8" - 18NPTF
- Used on 5-piece rims 635 to 1,295 mm (25" - 51") with pry bar / bead loosening pockets
- Ram Stroke: 105mm (4-1/4") stroke ram
- Hydraulic Oil Capacity: 500ml
- Weight: 13kg
