## SAFETY INSTRUCTIONS

### SAFETY OPERATING INSTRUCTIONS

- Always distribute objects evenly in the wall cabinet.
- Do not lean or climb onto the wall cabinet.
- Only use this wall cabinet for the purpose for which it has been designed.
- Do not modify any component of this wall cabinet.
- When servicing, use only TradeQuip identical replacement parts. Use of any other parts will void the warranty.
- Use the right product for the job. There are certain applications for which the wall cabinet was designed. Do not modify the wall cabinet and do not use the wall cabinet for a purpose for which it was not intended.
- This product is intended for indoor use only.

# ASSEMBLY INSTRUCTIONS

## 1. FEATURES

This TradeQuip "Made for the Trade" 1200mm powder coated space-saving wall cabinet features three lockable doors, six shelves and 18 hooks. The top, bottom and sides are constructed from sturdy 1mm pressed and welded steel. This durable steel constructed wall cabinet is designed with three storage compartments and lockable doors for added security. It can be easily hung on a wall or used freestanding on a shelf or bench.

## 2. BEFORE USE

Prior to use conduct a visual inspection by checking for abnormal conditions, such as cracked joints and damaged, loose, or missing parts.

## 3. ASSEMBLY

**Unpacking:** after removing the packing material, make sure the product is in perfect condition and that there are no visible damaged parts. The packaging materials (Polyethylene bags, polystyrene etc.), must be disposed of in an appropriate refuse collection container. These materials must not be left within the reach of children as they are potential sources of danger.

### Wall Cabinet Assembly:

- Hold the top panel vertically with the long back edge on the floor.
- The front edge of the top panel has 3 holes that you will use later for the doors. Make sure that this front edge is up off of the floor, then attach the right side and left side panels using bolts and screws. Attach the centre panel (I) and (II) using the bolts and screws. Make sure that you don't confuse them. The centre panel (II) has a "double" lip on the front.
- Stand the partial assembled section upright and attach the back panel using the bolts, and screws.

### Door Placement

- Lay the partially assembled section on its back. Ensure that you have the doors in their proper positions; place each door swivel pin in the correct hole in the top panel.
- Line up the bottom swivel pins in the bottom panel and then attach the bottom panel to both side panels and the centre panel using the bolts, and screws.

### Hanger Brackets and Door Locks

- Fasten the 2 hanger brackets to the back of the back panel using bolts and screws.
- Fit the door lock onto each of the 3 doors, attach the washer and tighten the nut.

### Finishing Touches

- Securely tighten all bolts and screws.
- Install shelves and hooks.
- Mount cabinet on the wall using masonry anchors or wood screws (not included). Ensure anchors or wood screws are capable of holding the weight of the wall cabinet

and all tools you will be storing in the wall cabinet. If in doubt use a larger anchor or wood screw to secure cabinet to the wall.

#### **4. MAINTENANCE**

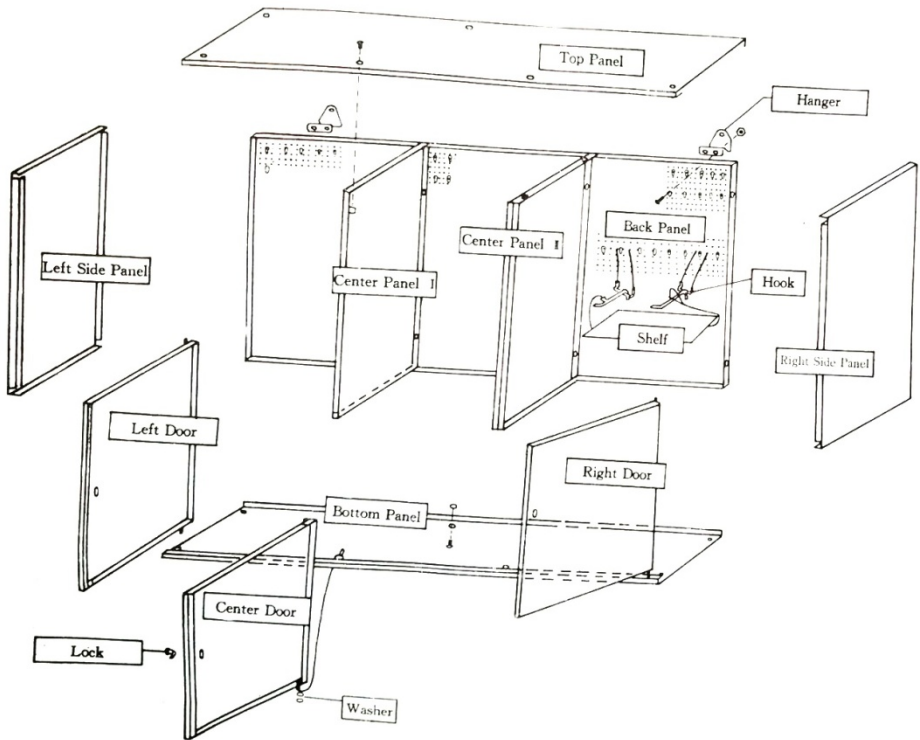

- Regularly wipe dirt and grime from surface with a soft cloth.
- Check all fittings are tight before each use.

#### **5. SERVICE & REPAIR**

Any Wall cabinet found damaged in any way, or found to be worn or operates abnormally should be removed from service until repaired by an authorised service agent. Owners and / or operators should be aware that repair of this product may require specialised equipment and knowledge. Only authorised parts, labels and decals shall be used on this equipment. Annual inspection of the Wall cabinet is recommended and can be made by an authorised repair facility to ensure that your equipment is in optimum condition and that the equipment has the correct decals and safety labels specified by the manufacturer.

## WARRANTY

TradeQuip products have been carefully tested and inspected before shipment and are guaranteed to be free from defective materials and workmanship for a period of 12 months from the date of purchase except where tools are hired out when the guarantee period is ninety days from the date of purchase.

Should this piece of equipment develop any fault, please return the complete tool to your nearest authorised warranty repair agent or contact TQB Brands Pty Ltd Warranty team – [warranty@tqbbrands.com.au](mailto:warranty@tqbbrands.com.au).

If upon inspection it is found that the fault occurring is due to defective materials or workmanship, repairs will be carried out free of charge. This guarantee does not apply to normal wear and tear, nor does it cover any damage caused by misuse, careless or unsafe handling, alterations, accident, or repairs attempted or made by any personnel other than the authorised TQB Brands Pty Ltd repair agent.

This guarantee applies in lieu of any other guarantee expressed or implied and variations of its terms are not authorised.

Your TQB Brands Pty Ltd guarantee is not effective unless you can produce upon request a dated receipt or invoice to verify your proof of purchase within the 12 month period.

### Consumer Guarantee

Our goods come with a guarantee that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
