Bottle Jacks

Bottle Jack - 10,000kg

Product Code: 2012

This powerful, heavy-duty TradeQuip "Made for the Trade" Hydraulic Bottle Jack with high quality glide-action pressure pump is designed for hard-hitting commercial use, making large loads easy to lift. The lightweight jack is ideal for lifting farm vehicles, heavy-duty machinery, industrial construction equipment and more. High quality, fitted with unique overload protection system and large stable base. Supplied with 500mm pump handle.

Features

Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance
Fabricated from hard-cast steel with heat-treated critical stress areas
Unique cross-type forged release valve assures positive load control
Overload protection
Hydraulic system is protected from internal damage by a by-pass mechanism

Specifications

Safe Working Capacity: 10,000kg
Hydraulic Lift: 125mm
Adjustable Height: 70mm
Minimum Height: 205mm
Maximum Height: 400mm
Base Area: 124 x 124mm
Handle: 500 x 20mm
Carton: 140 x 135 x 215mm (plus handle)
Gross Weight: 6kg

Bottle Jack - 12,000kg

Product Code: 2015

This powerful, heavy-duty TradeQuip "Made for the Trade" Hydraulic Bottle Jack with high quality glide-action pressure pump is designed for hard-hitting commercial use, making large loads easy to lift. The lightweight jack is ideal for lifting farm vehicles, heavy-duty machinery, industrial construction equipment and more. High quality, fitted with unique overload protection system and large stable base. Supplied with 500mm pump handle.

Features

Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance
Fabricated from hard-cast steel with heat-treated critical stress areas
Unique cross-type forged release valve assures positive load control
Overload protection
Convenient welded carry handle

Specifications

Safe Working Capacity: 12,000kg
Hydraulic Lift: 100mm
Adjustable Height: 70mm
Minimum Height: 180mm
Maximum Height: 350mm
Base Area: 157 x 134mm
Handle: 500 x 20mm
Carton: 148 x 142 x 190mm (plus handle)
Gross Weight: 7kg

TQ TRADEQUIP
the trusted brand in equipment

TQ TRADEQUIP
the trusted brand in equipment

About the brand

Our flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

Bottle Jack Air Hydraulic - 12,000kg

Product Code: TQBJ12TA

This TradeQuip "Made for the Trade" Air/ Hydraulic Bottle Jack is designed to operate pneumatically. This unit provides enough lifting power for use with farm vehicles, heavy duty machinery, industrial construction equipment and more. It's low profile design gets you out of tight situations with ease. This 12,000kg heavy-duty air/hydraulic bottle jack is the perfect choice for a wide variety of uses. The power of air makes it easy to lift farm vehicles, trucks, lawn mowers, heavy equipment and other large loads!

Use this workhorse with a 110-125 PSI rated air pressure supply to lighten the load and provide the fast, strong lifting power you need. The 260-510mm lift range raises the load to the desired height and a knurled, heat-treated pad with screw height adjustment allows you to fine-tune the jack from there. Carelessness can cause injuries, but this jack gives you extra peace of mind. It's fitted with a safety overload valve for extra protection. Even if you load the jack up with too much weight, the safety overload kicks in and gently lowers the unit before the operator is put in danger. The paint is oil-, grease- and dirt-resistant for easy cleanup no matter how often you put this jack to work.

Features

- Machined and polished cylinders with die-cut threads
- Fabricated from hard-cast steel with heat-treated critical stress areas
- Unique cross-type forged release valve assures positive load control
- Built-in bypass protection prevents damage from over pumping
- Compact yet powerful Air Turbo motor
- Versatile "quick connector provides 'quick & easy air connection
- Two piece pump handle
- Convenient welded carry handle

Specifications

- Safe Working Capacity: 12,000kg
- Minimum Height: 260mm
- Maximum Height: 510mm
- Hydraulic Stroke: 170mm
- Screw Extension Height: 80mm
- Operating Air Pressure: 110-125psi
- Air Fitting: 1/4"
- Carton: 250x180x270mm
- Gross Weight: 12.75kg

Bottle Jack - 15,000kg

Product Code: 2013

This powerful, heavy-duty TradeQuip "Made for the Trade" Hydraulic Bottle Jack with high quality glide-action pressure pump is designed for hard-hitting commercial use, making large loads easy to lift. The lightweight jack is ideal for lifting farm vehicles, heavy-duty machinery, industrial construction equipment and more. High quality, fitted with unique overload protection system and large stable base. Supplied with 500mm pump handle.

Features

- Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance
- Fabricated from hard-cast steel with heat-treated critical stress areas
- Unique cross-type forged release valve assures positive load control
- Overload protection
- Hydraulic system is protected from internal damage by a by-pass mechanism
- Meets ASNZS2693:1993 safety standards

Specifications

- Safe Working Capacity: 15,000kg
- Hydraulic Lift: 125mm
- Adjustable Height: 70mm
- Minimum Height: 227mm
- Maximum Height: 447mm
- Base Area: 148 x 136mm
- Handle: 500 x 20mm
- Carton: 160 x 145 x 235mm (plus handle)
- Gross Weight: 9kg

MADE FOR THE TRADE

About the brand

The TradeQuip range is covered by a 12 month trade use warranty.

Bottle Jack - 20,000kg

Product Code: 2014

This powerful, heavy-duty TradeQuip "Made for the Trade" Hydraulic Bottle Jack with high quality glide-action pressure pump is designed for hard-hitting commercial use, making large loads easy to lift. The lightweight jack is ideal for lifting farm vehicles, heavy-duty machinery, industrial construction equipment and more. High quality, fitted with unique overload protection system and large stable base. Supplied with 500mm pump handle.

Features

Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance
 Fabricated from hard-cast steel with heat-treated critical stress areas
 Unique cross-type forged release valve assures positive load control
 Overload protection
 Hydraulic system is protected from internal damage by a by-pass mechanism

Specifications

Safe Working Capacity: 20,000kg
 Hydraulic Lift: 145mm
 Adjustable Height: 60mm
 Minimum Height: 245mm
 Maximum Height: 450mm
 Base Area: 167 x 156mm
 Handle: 500 x 20mm
 Carton: 175 x 165 x 255mm (plus handle)
 Gross Weight: 12kg

Bottle Jack - 20,000kg

Product Code: 2016

This powerful, heavy-duty TradeQuip "Made for the Trade" Hydraulic Bottle Jack with high quality glide-action pressure pump is designed for hard-hitting commercial use, making large loads easy to lift. The lightweight jack is ideal for lifting farm vehicles, heavy-duty machinery, industrial construction equipment and more. High quality, fitted with unique overload protection system and large stable base. Supplied with 500mm pump handle.

Features

Machined and polished cylinders with die-cut threads provide non-abrasive leak-free, durable performance
 Fabricated from hard-cast steel with heat-treated critical stress areas
 Unique cross-type forged release valve assures positive load control
 Overload protection
 Convenient welded carry handle

Specifications

Safe Working Capacity: 20,000kg
 Working Height: 200-390mm
 Hydraulic Lift: 115mm
 Adjustable Height: 75mm
 Base Area: 167 x 156mm
 Handle: 500 x 20mm
 Carton: 180 x 165 x 210mm (plus handle)
 Gross Weight: 10kg

About the brand

Our Flagship brand of garage and workshop equipment, TradeQuip is designed for use in a demanding garage and workshop environment by trade users. With proven and trusted "Made for the Trade" reliability, TradeQuip branded products offer the very best in performance for an affordable price. The TradeQuip range is covered by a 12 month trade use warranty.

Bottle Jack Air Hydraulic - 20,000kg

Product Code: 2026T

Our TradeQuip "Made for the Trade" Air/Manual 20,000kg Bottle Jack is designed to operate either manually or pneumatically. The manual function allows for normal operation anywhere, even without an air supply. Ideal for onsite/offsite lifting of farm vehicles, heavy duty machinery, industrial construction equipment and more. The Air/Manual Bottle Jack is equipped with an hydraulic system and a mounted powerful manual pump. Used on light or heavy vehicles, they are compact, versatile and safe to use. Our TradeQuip "Made for the Trade" design includes a quality safety valve to prevent overloading and a larger base to provide high safety and greater stability. This Air/Manual Bottle Jack is fitted with a Professional Quality Air Turbo Motor designed to meet the demands of adverse climate conditions and extreme temperatures. This 'Best Selling' Jack is a favourite of the Qld and WA mine maintenance crews, due to it's strong lifting power and long lasting wear characteristics.

Features

- Best practise quality controlled manufacturing process
- CNC machined cast alloy piston and barrel
- Barrel is hardness rated opposed to other mild steel variations
- Piston & Barrel combination present longlife wear characteristics similar to an engine crank and bearing
- Duro70 rated nitrile O-rings (best for air tool applications) provide good elasticity and friction rating
- Results in longer duty cycle over adverse Australian climate and temperature ranges
- Superior lithium grease lubrication is less prone to drying or flushing out from wet, dry, hot or cold air supplies
- Lithium grease re-emulsifies when a few drops of air tool oil or 32 grade hydraulic oil is regularly added

Specifications

- Safe Working Capacity: 20,000kg
- Minimum Height: 265mm
- Maximum Height: 510mm
- Hydraulic Lift: 170mm (265mm to 435mm)
- Adjustable Height: 75mm (maximum height 510mm)
- Base Area: 224x134mm
- Work Pressure: 90-120psi
- Carton: 290 x 200 x 290mm
- Weight: 16kg

Bottle Jack Air Hydraulic - 20,000kg

Product Code: TQBJ20TAS

This TradeQuip "Made for the Trade" Air/ Hydraulic "Low Profile" Bottle Jack is designed to operate pneumatically. This unit provides enough lifting power for use with farm vehicles, heavy duty machinery, industrial construction equipment and more. It's low profile design get's you out of tight situations with ease. This 20,000kg heavy-duty air/hydraulic bottle jack is the perfect choice for a wide variety of uses. The power of air makes it easy to lift farm vehicles, trucks, lawn mowers, heavy equipment and other large loads! Use this workhorse with a 110-125 PSI rated air pressure supply to lighten the load and provide the fast, strong lifting power you need. The 178-328mm lift range raises the load to the desired height and a knurled, heat-treated pad with screw height adjustment allows you to fine-tune the jack from there.

Carelessness can cause injuries, but this jack gives you extra peace of mind. It's fitted with a safety overload valve for extra protection. Even if you load the jack up with too much weight, the safety overload kicks in and gently lowers the unit before the operator is put in a dangerous situation.

Features

- Machined and polished cylinders with die-cut threads
- Fabricated from hard-cast steel with heat-treated critical stress areas
- Unique cross-type forged release valve assures positive load control

- Handle: 500 x 20mm
- Carton: 180 x 165 x 210mm (plus handle)
- Gross Weight: 10kg

Bottle Jack Air Hydraulic - 20,000kg

Product Code: PROBJ20TA

This TQ Pro "Latest Applied Technologies" 20,000kg Air/Hydraulic Bottle Jack is constructed of superior grade steel and built to premium standards for quality and durability. The superior-quality, large diameter hydraulic steel cylinder unit results in lower oil pressure needed to raise the load. A built-in bypass device protects the hydraulic system from over-pumping damage. The sturdy and stable design features a welded base and cylinder to assure strength and eliminate leaks.

The Thick Base Design is to provide the firmest footprint reducing flex. This substantially increases the life of the hydraulic ram under the toughest lifting and lowering circumstances.

A Welded Reservoir instead of the screw base results in a substantial increase in durability. With the completely sealed hydraulic system, wear and tear and internal contamination is dramatically reduced.

Features

Using CNC technology, the frame is constructed using superior-grade steel and built to premium TQ Pro standards for professional quality and durability
 Premium quality large diameter hydraulic steel cylinder with precision tolerances
 Piston-ram is treated and polished to minimise wear and extend service life
 High capability premium quality seal system efficiently protects internal hydraulics keeping it free from contaminants
 Lead-free paint finish is applied after a thorough chemical wash to ensure a long-lasting premium finish
 Paint is oil, grease and dirt-resistant for easy cleanup

Specifications

Safe Working Capacity: 20,000kg
 Maximum Height: 525mm
 Minimum Height: 261.5mm
 Hydraulic Lift: 156mm
 Adjustable Lift: 95mm
 Operating Air Pressure: 110-125psi
 Air Inlet Fitting: 1/4"
 Base Dimensions: 000 x 000mm
 Carton: 270 x 240 x 290mm
 Nett Weight: 19kg
 Gross Weight: 22kg

Bottle Jack Air Hydraulic - 35,000kg

Product Code: **BBJ35TA**

This powerful heavy duty 35,000kg Borum Industrial Air/Hydraulic Bottle Jack packs a big punch, providing enough lifting power for use with farm vehicles, heavy-duty machinery, industrial construction equipment and more. The 2 piece removable handle is long enough to lift the load with ease and also helps to position the jack. Use this workhorse with a 110-125psi rated air pressure supply to lighten the load and provide the fast, strong lifting power you need, or operate it manually for normal operation just about anywhere. The safety overload valve offers extra protection if you load the jack up with too much weight. The safety overload kicks in and gently lowers the load before the operator is put in a dangerous situation.

Features

- Constructed of high-grade steel and built to exacting standards for quality and durability
- Lead-free paint finish is applied after a thorough chemical wash for long-lasting finish
- Paint is oil, grease and dirt-resistant for easy cleanup
- High quality large diameter hydraulic steel cylinder unit results in lower oil pressure needed to raise the load, helping to reduce wear and extend service life
- Precision machined, chrome plated and polished piston-ram
- Built-in by-pass device protects hydraulic system from over pumping damage
- Versatile "quick connector" design for easy removal of air hose
- Compact storage or remote operation
- Compact yet powerful Air Turbo Motor

Specifications

- Safe Working Capacity: 35,000kg
- Minimum Height: 264mm
- Maximum Height: 414mm
- Hydraulic Stroke: 150mm
- Base Area: 210x280mm
- Operating Air Pressure: 110-125psi
- Air Inlet Fitting: 1/4" x 18NPT
- Net Weight: 29kg
- Carton: 265 x 230 x 300mm
- Gross Weight: 30kg

About the Borum brand

Our "heavy duty commercial" range of Borum Industrial equipment has been manufactured to exacting standards for the past 39 years. We specify industrial quality components and design to ensure a long and durable working life in commercial transport, mining, earthmoving and railway environments. Our Borum Industrial range of equipment is focused on achieving superior professional standards, reliability, quality, and are covered by a 12 month trade use warranty.

TQB Brands Pty Ltd

TQB Brands has grown to become one of the most respected garage equipment suppliers in Australia and markets the recognised leading brands TradeQuip, TQ Pro, Borum and Red Label Nationally through 1000+ distributors. We offer an extensive range of products including Garage & Workshop, Industrial, Agricultural and Vehicle Service Equipment. We continually strive to introduce new and innovative garage and workshop tools and equipment for the professional, which comply with mandatory Australian Standards. TQB Brands aims to achieve great value for money whilst not compromising on quality. TQB Brands prides itself on offering fit for purpose product through our tiered brand offerings.

Our **Flagship** brand of garage and workshop equipment, **TradeQuip** is designed for use in a demanding **garage and workshop** environment by trade users.
